## PRESS RELEASE

# Mojo Media Solutions Appoints Graham Bennett as Sales Manager

### For Immediate Release

**Sydney, Australia, 9 February 2015** – Highly regarded industry professional Graham Bennett has joined Mojo Media Solutions as Sales Manager, to further expand Broadcast and Post Production equipment sales and technical services business across Queensland and other territories. Bennett, a senior sales executive and former broadcast engineer with over 35 years' experience in the industry, will work closely with company founder Stuart Monksfield to promote Mojo's specialist services and product lines across Australia.

"There is something refreshingly different about Mojo Media Solutions, and I am delighted to be a part of such a customer focussed organisation" said Bennett. "Mojo offer an extensive portfolio of products, technologies and support services, that include some highly specialised items that I look forward to learning more about in my new role."

Stuart Monksfield, Managing Director and Founder of Mojo Media Solutions commented: "Graham and I have known each other for many years, and I can't think of anyone else who has displayed a similar dedication and willingness to do whatever it takes to make a customer happy than he. Since establishing Mojo Media Solutions in 2011, it has been my mission to always be there for my customers and to personally do whatever I can to help make their business a success, and to help make their problems go away. I am confident Graham will deliver the same Mojo experience to all our clients."

### About Mojo Media Solutions

Founded in 2011 by Managing Director Stuart Monksfield, Sydney based Mojo Media Solutions is a trusted supplier servicing the needs of the Feature Film, Commercials and Broadcast post-production industry in Australia, New Zealand and South East Asia. With 30 years engineering, operational and managerial experience, including multiple credits for Digital Intermediate and On-Line Editing, Mojo provides some of the most advanced technologies available, backed by real-life operational and technical know-how. They offer a range of consultancy services that include Display Calibration, Colour Management, Colour Science, Digital Intermediate and Workflow Design for 2D, stereoscopic 3D and HFR projects.
